MY DOCTOR
MIGHTY FINE

Mrs. Hattie Cain of Carrsville
Thinks all the More of Her
Doctor Since He Advised
Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 50 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

An Expensive Game
For You!

If you see a Chair in our store marked \$3 and in another store you see the same chair marked \$1.98, your first conclusion is that the first store is high. Some merchants take advantage of this. They mark a ridiculously low price on things whose prices people can compare while shopping around. Then, on other things they boost the prices unreasonably high. You are misled by this, and you pay too much for the most of your goods. In this store everything is marked at a uniform small profit. Chairs are priced this way.

THE JAMES H. HALL PLOW WORKS

The Hall Plow Works in East Second street now gives employment to 50 hands, and, with the new wood-working machinery recently installed, is turning out plows nearly twice as fast as under the old hand method. Up-to-date machinery of all kinds has been put in and now the concern is one of the best equipped plow factories in this country. The Hall Plow Works has furnished most of the big eight-horse plows now in use on the Panama Canal. Their cotton plows are shipped to all Southern points and to many Central and South American countries.

MAYSVILLE COTTON MILLS TO RESUME

The Maysville Cotton Mills, one of the largest concerns of the kind South of the Ohio river, will resume operations on Monday, November 21st, and will furnish employment to 150 persons. The starting of this big factory, which has been shut down since last May, will prove a great blessing to the large number of poor people, both old and young, who depend chiefly upon it for a living. Its resumption means new commercial life to that section of the city and the clangor of its machinery will be music to the ears of its toiling hundreds.

THE DAY BEFORE THE BATTLE

Yesterday was County Court Day as well as the day before an important election, and the two drawing cards attracted an exceedingly large crowd, the streets being thronged all day with politicians and would be statesmen. The Court Day sales in Limestone street were fairly well attended and trading in the ring was lively at times. The livery stables did a good business and trade in the mercantile section was quite satisfactory to our thrifty merchants, who are always prepared to display the best line of goods and at prices that will meet all foreign competition.

I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

Mrs. R. L. Benn and children arrived last Friday night from Port Gibson, Miss. A party of friends were at the home of Rev. and Mrs. Benn, in Limestone street, to greet them, the ladies of the Central Presbyterian Church having prepared an elegant lunch for their reception. On Saturday night Rev. and Mrs. Benn were given a "surprise" by a large number of the congregation, who took to the home of their new Pastor supplies for every department of the house. This was a very happy evening for all. Rev. and Mrs. Benn have been warmly welcomed to Maysville.

"A NERVOUS WRECK"

"My daughter is rapidly becoming a nervous wreck," said an anxious father to a friend who happened to be a druggist. "She has no appetite, is run-down, weak, takes no interest in anything, and we cannot find anything that helps her."

"Why don't you give her Vinol?" said the druggist. "It is not a secret nostrum, just a simple and delicious cod liver and iron tonic—and the best strength creator and general all-around tonic we have ever sold in our store. Take a bottle home and try it. We'll return your money if it does not help her."

Within ten days the father came back for another bottle of Vinol, saying that he had never seen such a change in a girl in his life, and he felt sure one more bottle of Vinol would restore her to her normal condition.

Such cases as the above are constantly coming to our attention, and we ask every run-down, nervous, debilitated, aged or weak person in this vicinity, and every person suffering from a chronic cough, cold, or bronchitis trouble, to try a bottle of Vinol on the same terms as above. The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BENNETT and TOMLIN in 1910; TAFT and SHERMAN in 1912.

MR. FIELDS' home Precinct boasts of casting 400 votes against Hon. JAMES N. KEHOE in 1908.

OLD veterans, stand by your guns and vote for J. B. BENNETT, the Republican nominee for Congress.

YOUR vote is no joke. Make your ballot count by voting for a real, live Congressman—J. B. BENNETT.

IS HILLBILLY FIELDS stronger than W. J. BRYAN, J. N. KEHOE, HAGER, HENNESSEY and all the so-called Democracy combined? We do not believe it.

PUT your X under the Log Cabin and remember that in so doing you indorse the Grand Old Party from ABRAHAM LINCOLN to WILLIAM HOWARD TAFT.

MR. Farmer is there any sensible reason why you should cast your vote against BENNETT, and in favor of FIELDS, a country cross-roads storekeeper who would have no standing whatever in Congress?

CANDIDATE FIELDS is now fawning on the supporters of the Hon. J. N. KEHOE. He doesn't tell them how he never turned a hand for KEHOE two years ago and that his home—Olive Hill—voted 400 majority against Mason's eloquent son.

CONGRESSMAN BENNETT voted and worked for the many progressive measures which were passed by the last Congress. President TAFT made an absolutely true statement when he said that more progressive legislation had been enacted by the last Congress than by any other

Congress in the history of the Nation. The thinking voters realize that Judge BENNETT can be depended upon to continue along the lines mapped out by the President, while Mr. FIELDS would be a helpless unit in a body of Democratic Congressmen who could not agree among themselves on any policy and would only oppose legislation mapped out by President TAFT.—Ashland Independent.

EATS WHAT HE LIKES AFTER TAKING FREE SAMPLE

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthing of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasser of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured. Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, brimstone and other temporary reliefs. Syrup Pepsin will cure you permanently.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 641 Caldwell building, Monticello, Ill.

J. Jar. Wood & Son, Druggists, Maysville.

Mark your X under the Log Cabin today—that's all.

THREE times in Congress is a record that invites your indorsement. Vote for J. B. BENNETT.

HON. JOHN GRANT TOMLIN is a clean, reputable representative of all the people and will make an impartial Judge.

IT is said that fully 50% of the stock in the Banks of Minnesota is now owned by farmers. They are in danger of being denounced as "malefactors of great wealth."

JUDGE BENNETT has served three terms in Congress and knows the people and just what they want at Washington. If FIELDS should be elected it would set this District back ten years. Vote to keep BENNETT in Congress and to continue prosperity.

THE Democracy of the famed Ninth Kentucky District has sunk to quite a low ebb when it turns down such men as the Hon. EDGAR B. HAGER and nominates as its candidate for Congress a rank unknown, who had no claim on the party except his drummer, buttinsky characteristics, acquired around country stores in three counties.

THE clamor of the Democrats in this campaign is for a change. Shall it be a change back to the Democratic times of only fifteen

years ago, when evidences of misery and want and woe among all classes of our people were everywhere seen? One did not have to hunt high and low then to find hungry people. They were to be found by thousands. Democrats are insisting that the same principles of government which caused the awful suffering of those unhappy days shall again be put into operation in the United States. What do you think about it?

A vote for BENNETT is a vote to continue the present unprecedented prosperity. A vote for FIELDS is a vote to tear down and destroy what the G. O. P. has built up.

Do You Remember Those Dark Starvation Days?

HORSE SENSE IN HORSES.

This bit of brightness is said to have cropped out in a conversation between two Misses not old enough to go to school.

"What makes a horse act naughty when he sees an auto?"

"It is this way: Horses is used to seein' other horses pull wagons, and they don't know what to think of 'em goin' along without a horse. Guess if you saw a pair of pants walkin' down the street without a man in 'em you'd be scared, too."

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N.Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Gas Light Talks—No. 50.

A Natural Monopoly.

It has been truly said that the public service corporation is a natural monopoly. And the strength of this fact is in no way better demonstrated than by the attitude of the Public Service Commissions, in those States where they exist.

These commissions, composed of men whose standing in their respective commonwealths is beyond imputation, are doing their utmost to discourage competition in the public service field.

It has been learned by particularly bitter experience, that competition in the lighting, telephone and street railroad fields means ruin and chaos—nothing else.

Competition in almost any other line of business is good—within limits. But in the public utility line it is fatal alike to the corporations and to the service. The public, as a rule, cares little about the effect upon the corporations, but, when the results show in the service, as they inevitably must, then the matter strikes home.

Maysville has had a taste of the effects of competition in the so-called "Gas War."

It is safe to say that this one thing has retarded the growth of Maysville, along public service lines, during at least TWENTY YEARS.

This may sound extravagant to the unthinking hearer, but it is easily demonstrated.

Had it not been for the "Gas War" with its consequent almost overwhelming burden of debt and difficulty upon the incumbent company, the high-class public service facilities which Maysville is now enjoying would have been in effect years ago.

In a very few words, competition in public utilities means unreasonable rate-cutting. And this, in turn, means deterioration of service.

The production of gas and electricity costs money. You cannot get something for nothing: Neither can we.

And that is the reason we are working for public good-will. You see, in addition to our duty to you, we have a duty to our stockholders—to those who have invested money in the hope of the return to which any investor is entitled.

There has been opposition to invested capital here in Maysville. If this fact remained at home, it would do no particular harm. But, in these days of commercial agencies, capital knows pretty well where to go and when to stay. Capital has been hesitating about investing in Maysville AND MAYSVILLE NEEDS IT.

Let's get together.

Maysville Gas Company

Horace J. Cochran, President.
